YOUR TABLE AWAITS

In the last 20 years the UK has enjoyed a social revolution where eating out once or twice a week is considered the norm, with informal and casual dining concepts emerging as customer favourites.

Food may be served up in a more relaxed environment, but our palate is more sophisticated than ever with culinary influences from around the world tantalising our taste buds. From oriental buffets to grab-and-go street food, hotel dining rooms to gastro pubs, an estimated 2.7 million people are employed in the industry, making hospitality the fifth biggest employer in the UK alone. One in four of us have worked in the industry at some point in our lives – but what on earth were we wearing!?

Most establishments insist on staff wearing a uniform of sorts; a uniform that helps create an impression of order and efficiency which is paramount in the food and beverage industry. With such an eclectic mix of establishments comes an unprecedented demand for varied and practical uniform solutions for service staff.

Premier offers the industry an unrivalled collection of hospitalitywear with colour, choice and quality at the forefront of everything we do. From high end silver service to fast food favourites, Premier is the one-stop-shop for all your uniform needs.

ETHICAL

At Premier we aim to achieve the highest ethical and environmental standards and we only like to work with manufacturers that do the same. To make sure our credentials are impeccable we have a detailed code of conduct that's integral to the way we do business and all our suppliers and their sources must sign up to it. It's based on the very best employment ethics, health and safety practices and environmental considerations. So when you purchase any of our goods you can be sure that they have been produced lawfully, through fair and honest dealing, in decent working conditions and without exploiting the people who made them. Any environmental impact during production and transportation has also been kept to a minimum.

Premier also has the right to run audits and spot checks, personally or via external parties, on our suppliers' premises without their prior knowledge to verify that they are behaving in an appropriate manner and upholding our values. Just one more way that you can trust us to make a difference to people and the planet.
